B.A. English was started in 1993-94, B.A. Development Economics in 1998-99 and B.Sc. Electronics in 1999-2000. Sri. P.J. Joseph, the then Minister of Education, inaugurated the new permanent multi-storied college building on 27th February 1999, and the college was shifted to the permanent building. The college started M.Com in 2012-13, M.A. English Literature and M.A. Development Economics in 2016-17.

Having completed 41 years of valuable educational service, the college now offers degree programmes in Commerce, English Literature, Development Economics, Physics and Electronics and PG programmes in Commerce, Development Economics, Electronics and English Literature. The College aims to mould the student community hailing mostly from the marginalized and weaker sections of the society into better individuals, and guide them to contribute constructively towards national goals by upholding the values of secularism, national integration and social commitment. The primary objective of the institution is to enable the students to cope with the demands of the contemporary global scenario through effective transaction of the curricular and co-curricular aspects. Academic excellence, personality development and social orientation are our guiding principles.

The strength of the institution is its qualified and committed faculty members, industrious administrative staff, state of the art infrastructure, well equipped college library with INFLIBNET facility, interactive smart classes, high speed Wi-Fi internet access 24/7, EDUSAT facility, availability of computers in a student ratio of 1:4, Digital Language Lab, UGC Network Resource Centre, Centralized Computing Facility, facilities for scanning, printing and copying, the various programmes and cells funded by UGC and state government, good academic ambience and the enthusiastic students. The college has always been in the frontline in fulfilling its social objectives in terms of educational attainments and producing quality individuals. The College is confident that it can sustain and improve its services to the students and the general public in the coming years.

Now the college with 4 major departments stands as an oasis of learning for hundreds of students who come out of the Higher Schools around the vast area of Wayanad district. This institution has ample scope for great expansion and development which is expected in due course.

2. Vision and Mission

“Education for total liberation”

Our vision is to mould the students into better individuals, and guide them to contribute constructively towards national goals by upholding the values of secularism, national integration and social commitment and to make them intellectually competent, morally upright, psychologically integrated, physically healthy and acceptable to the society.

Our mission is to uplift the youth by imparting quality education and exposure and to equip them to cope with the latest requirements through innovative techniques and practices.

3. Objectives

We strive to materialize our vision which has three basic dimensions.

1. **Academic excellence:** Enabling the students to cope with the demands of the contemporary global scenario through effective transaction of the curricular and co-curricular aspects is the primary objective of the institution. For this purpose, various measures have been taken like regular enrichment of the library, subscription to academic journals and magazines, state of the art classrooms, standard infrastructure and faculty development programmes.

2. **Personality development:** The College focuses on the all-round development of the students' personality through proper education and exposure. Through the numerous academic and co-curricular activities organized in the College, student's development leadership skill, team spirit, communication skills and collective responsibility.

3. **Social orientation:** Education with a social face is the hallmark of this College, and to enhance community participation, the students of the College have adopted a tribal colony-Pathrachal Adivasi colony in Nallurnad Village- where we extend our helping hands to the less privileged by educating the tribal dropouts who are denied of the greater privileges of life. The vision, mission and objectives of the college are displayed in noticeable areas in the campus so that the entire student community and faculty members are reminded of the great principles the college stands for. They are also provided to the students through the academic calendar prepared every year so that everyone can know more about the institution and its ideals.

4. Rationale of the Emblem

The emblem, together with the motto "Education for Total Liberation" is symbolic of the ideals the college stands for. The open book represents the reception and assimilation of knowledge which liberates the individual from the debilitating shackles of ignorance and incapacity. But the growth and evolution of the individual through education is not seen as an end in itself. The training, both academic and co-curricular, seeks to foster in the students a keen awareness of their social role as well to integrate members of their communities armed with the skills to contribute positively to change.

The symbols take a new dimension of meaning in connection with the people in the backward area. The wisdom from learning dispels the darkness of ignorance like a lighted candle and it signifies that the learning one receives at the institution is not to be kept to oneself but to be disseminated to the community.

5. Location
